

MapInfo Professional.®

DATA DIRECTORY

MapInfo Professional®

MapInfo Professional comes with over 500 Megabytes of global data. In each directory, there is a wide variety of files including pre-built workspaces for your convenience. These data files include street, administrative boundaries, demographic, imagery, and much more. This listing outlines what data is included in each folder. For more information on MapInfo data, visit www.mapinfo.com/data.

Directory Name: Introductory_Data
